

optixRenderer::InitRenderer

```
graph LR; A[optixRenderer::InitRenderer] --> B[optixRenderer::SetCameraDefaultParameters]
```

A flow diagram consisting of two rectangular boxes connected by a horizontal arrow. The left box is white with a black border and contains the text 'optixRenderer::InitRenderer'. A blue arrow points from the right side of this box to the left side of a second box. The second box is gray with a black border and contains the text 'optixRenderer::SetCameraDefaultParameters'.

optixRenderer::SetCamera
DefaultParameters
